Soil & Tillage Research 30 (1994) 361–362

Soil & Tillage Research

Author Index

Addiscott, T.M. and Dexter, A.R.
Tillage and crop residue management effects on losses of chemicals from soils 125
Alberts, E.E., *see* Ward, A.D. et al.
Anderson, J.L., *see* Ward, A.D. et al.
Baumgartl, T., *see* Horn, R. et al.
Beak, D.G., *see* Logan, T.J. et al.
Cannell, R.Q. and Hawes, J.D.
Trends in tillage practices in relation to sustainable crop production with special reference to temperate climates 245
Czapar, G.F., Kanwar, R.S. and Fawcett, R.S.
Herbicide and tracer movement to field drainage tiles under simulated rainfall conditions 19
Dexter, A.R., *see* Addiscott, T.M. et al.
Eckert, D.J., *see* Logan, T.J. et al.
Fawcett, R.S., *see* Czapar, G.F. et al.
Håkansson, I.
Soil tillage for crop production and for protection of soil and environmental quality: a Scandinavian viewpoint 109
Hall, J.K. and Mumma, R.O.
Dicamba mobility in conventionally tilled and non-tilled soil 3
Hatfield, J.L., *see* Ward, A.D. et al.
Hawes, J.D., *see* Cannell, R.Q. et al.
Horn, R., Taubner, H., Wuttke, M. and Baumgartl, T.
Soil physical properties related to soil structure 187
Kanwar, R.S., *see* Czapar, G.F. et al.
Kouwenhoven, J.K., *see* Perdok, U.D. et al.
Lal, R.
Water management in various crop production systems related to soil tillage 169
Lamb, J.A., *see* Ward, A.D. et al.
Logan, T.J., *see* Ward, A.D. et al.
Logan, T.J., Eckert, D.J. and Beak, D.G.
Tillage, crop and climatic effects on runoff and tile drainage losses of nitrate and four herbicides 75
Mumma, R.O., *see* Hall, J.K. et al.
Njøs, A.
Future land utilization and management for sustainable crop production 345
O'Callaghan, J.R.
Resource utilisation and economy of soil tillage in crop production systems 327
Perdok, U.D. and Kouwenhoven, J.K.
Soil–tool interactions and field performance of implements 283
Sharpley, A.N. and Smith, S.J.
Wheat tillage and water quality in the Southern Plains 33

0167-1987/94/$07.00 © 1994 Elsevier Science B.V. All rights reserved

Smith, S.J., *see* Sharpley, A.N. et al.
Tardieu, F.
Growth and functioning of roots and of root systems subjected to soil compaction. Towards a system with multiple signalling? 217
Taubner, H., *see* Horn, R. et al.
Ward, A.D., Hatfield, J.L., Lamb, J.A., Alberts, E.E., Logan, T.J. and Anderson, J.L.
The Management Systems Evaluation Areas Program: Tillage and water quality research 49
Wuttke, M., *see* Horn, R. et al.
